

THE DELAY OF SPAIN

THE ADMINISTRATION IS NOT SURPRISED AT IT.

San Juan, August 5.—The administration is not surprised at the delay of Spain in the matter of the peace negotiations. It is believed that the delay is due to the fact that the Spanish government is waiting for the arrival of the Spanish fleet from the Philippines.

AWAITING ORDERS

GENERAL WADE'S REGIMENTS EXPECTED TO LEAVE SOON.

COLONEL SQUIRES' SIGNAL CORPS WILL LEAVE FOR NEWPORT NEWS TOMORROW MORNING.

SPECIAL EFFORTS IN BEHALF OF THE EIGHTH NEW YORK.

PAYMENT OF TROOPERS IS PROGRESSING SLOWLY—A GENERAL SHIFTING OF CAMPS—THE HEALTH OF THE SOLDIERS IS IMPROVING—CAMP NOTES.

CHICKAMAUGA, CHATTANOOGA NATIONAL MILITARY PARK, AUGUST 5.—THE PRESENT INDICATIONS ARE THAT THE SEVEN REGIMENTS AT CAMP THOMAS INCLUDED IN GENERAL WADE'S PROVISIONAL EXPEDITION WILL LEAVE EARLY NEXT WEEK, PROBABLY MONDAY OR TUESDAY. THE REGIMENTS ARE READY TO MOVE, AND THE NECESSARY ORDERS ARE BEING ANXIOUSLY AWAITED. THE ONLY DEFINITE ORDER SO FAR ISSUED IS TO THE SIGNAL CORPS UNDER COLONEL SQUIRES, WHICH IS DIRECTED TO LEAVE CAMP THOMAS FOR NEWPORT NEWS EARLY TOMORROW MORNING. THE CORPS WILL ACCOMPANY GENERAL WADE'S EXPEDITION TO PORTO RICO. THE SELECTION OF THE REGIMENTS TO JOIN WADE'S CORPS HAS CREATED CONSIDERABLE DISCUSSION AT CAMP THOMAS. A NUMBER OF REGIMENTS WHICH CONSIDERED EXPECTED TO GO ON THE NEXT MOVE, BUT WHICH WERE INCLUDED IN THE ORDER, ARE VERY MUCH DISAPPOINTED AND ARE MAKING STRONG EFFORTS YET TO BE INCLUDED. THE EIGHTH NEW YORK IS MAKING THE HARDEST FIGHT TO INFLUENCE THE WAR DEPARTMENT TO CHANGE THE PRESENT PLAN FOR THE EXPEDITION. COLONEL CHANCEY HAS BEEN ADVISED BY THE WAR DEPARTMENT THAT HE WILL GO TO WASHINGTON, WHERE HE WILL USE ALL OF HIS EFFORTS AND INFLUENCE TO REDUCE THE ADMINISTRATION TO SEND HIS REGIMENT TO PORTO RICO WITH GENERAL COLBY'S BRIGADE. THE EIGHTH IS CALLED A GOOD REGIMENT, AND COLONEL CHANCEY WILL PRESENT ALL OF THE EFFECTIVE POINTS AVAILABLE TO THE WASHINGTON AUTHORITIES. GENERAL COLBY, IN COMMAND OF THE BRIGADE, BELIEVES THAT THE EFFORT TO HAVE THE EIGHTH NEW YORK GO WITH THE OTHER TWO REGIMENTS OF HIS BRIGADE, THE FIRST VERMONT AND THIRD TENNESSEE, WILL BE SUCCESSFUL.

THE THIRD BRIGADE.

THE THIRD BRIGADE, SECOND DIVISION, THIRD CORPS, COMPRISES THE FIRST MASSACHUSETTS, SECOND MASSACHUSETTS, AND THE FIRST MINNESOTA. THE BRIGADE WAS FORMED AT CAMP THOMAS, AND IS NOW BEING REORGANIZED AT CAMP WADSWORTH. THE BRIGADE IS CALLED A GOOD BRIGADE, AND COLONEL CHANCEY WILL PRESENT ALL OF THE EFFECTIVE POINTS AVAILABLE TO THE WASHINGTON AUTHORITIES. GENERAL COLBY, IN COMMAND OF THE BRIGADE, BELIEVES THAT THE EFFORT TO HAVE THE EIGHTH NEW YORK GO WITH THE OTHER TWO REGIMENTS OF HIS BRIGADE, THE FIRST VERMONT AND THIRD TENNESSEE, WILL BE SUCCESSFUL.

HAS CHANGED HIS POLITICS

STEPHEN A. DOUGLAS, JR., LEAVES THE REPUBLICAN PARTY.

A Statement Giving His Reasons for His Withdrawal—His Criticisms of the Republican Party and Its Tendencies.

Chicago, Ill., August 5.—The Chronicle prints the following statement: "For years I have been considered by Republicans as doctrinally unsound, because I really believe that this should be a Government of the people, by the people, and for the people. This was the reason, without doubt, why I was not permitted by the machine to make a speech in the State of Illinois during the campaign of 1896, though this year, under date of July 28, the Republican State central committee honored me with a request to take the stump for them. For late years the tendency of the Republican party has been to fasten this Government under the control of trusts and monopolies.

"The tendency of the Democratic party has been to curtail the power of money and place the Government in the hands of the mass of the people. I not only believe that this should be so, but I also firmly believe that the only thing that can prevent this country from being a Democracy is the influence of the trusts and monopolies on the one hand or the other, is that the Government shall be in the hands of the plain people.

"My life my sympathies have been with the people (having been taught this by the two men I honor above all others, my father and John C. Fremont). I believe my proper place is in the Democratic party, and there I shall abide.

"The Chronicle says Mr. Douglas, who is a son of Lincoln's opponent of 1860, has taken this step because he is a Republican party member, or rather, the Allen bill, the party platform and tendencies toward the trusts and monopolies on the one hand or the other, is that the Government shall be in the hands of the plain people.

"The Chronicle says Mr. Douglas, who is a son of Lincoln's opponent of 1860, has taken this step because he is a Republican party member, or rather, the Allen bill, the party platform and tendencies toward the trusts and monopolies on the one hand or the other, is that the Government shall be in the hands of the plain people.

Deadlock Broken.

Richmond, Mo., August 5.—The long deadlock in the Democratic congressional convention for the Fourth Missouri district was broken last night, when John L. Dougherty, of Clay county, received nomination for the four-hundred-and-nineteenth ballot.

LOST THREE TO ST. PAUL

HOOSIERS HAVE DROPPED FROM THE TOP OF THE LEAGUE.

While they were losing for the third time at St. Paul, Kansas City was winning two games—other sporting news.

St. Paul, Minn., August 4.—The expected happened. Manager Comiskey and his players, backed up by the howling mob of cranks that infest the Lexington-avenue Park, succeeded in winning three straight games from Indianapolis, and Manager Allen gathered his broken forces together last night and started for home, leaving behind him a record of seven defeats and six victories—not an auspicious showing for the best team in the league.

While the Hoosiers were going down to defeat yesterday, the Cowboys were making merry with the Doves, and batted them all over the field at Exposition Park, taking two games. As a result, the Hoosiers no longer lead in the championship race. They have been forced to yield to Manager Manning and his crowd of cow-punchers.

The final game of the series was characterized by light hitting and indifferent fielding on the part of the Indianapolis players. Denner, backed up by the clever playing of his team-mates, had little difficulty in defeating Allen's men. Scott was his best opponent and, with the exception of one inning, pitched an excellent game. He and Hickey were each responsible for a run, and Kahoe, by contributing a passed ball to the misplay column, gave the Saints an early run. Both teams were slow in their work, not having fully recovered from the strain of the fourteen-inning contest Wednesday.

Indianapolis got off with the lead in the first inning. Hogreaver drew a base on balls. Denner attempted to catch him napping, and the ball went into the right bleachers. Before it was recovered Hogreaver was on third. He scored on Stewart's out.

The Saints did not break into the run column until the fourth inning, but they made enough at that one chance to win the game. Stewart started the trouble with a hit to right, and Gillen sent the ball sailing into left field for a base. Preston attempted to sacrifice. The ball rolled down the right foul line, and Scott made a mess of it. This filled the bases. Spies hit to center, and two runs scored. The crowd, the cheering, the plate on a passed ball, and the next inning Glenavlin lined the ball down to Hickey. It was too hot to handle, but the little third baseman, who had been hit, threw the ball over Motz's head, and Glenavlin moved around to third. A single by Gillen sent him across the rubber.

The Hoosiers scored their last run in the seventh on singles by Motz, Kahoe and Allen. Those made separate attempts in the eighth and ninth to tie the score, but failed. The score:

CONCERNING RAILROADS

BIG FOUR FREIGHT HANDLERS
UNEASY OVER A RUMOR.

Officers say, however, that a tonnage basis of pay will not be adopted—Railway Notes and Personal—Earnings.

John W. Riley, superintendent of the Peoria & Eastern, has been in the railroad business since he was old enough to tell a truth from a court-house. His first work was as an office boy about a

ton in the contract is the right of way granted by the railroad to the Peoria & Eastern for its poles along the tracks. In order to test the matter the Santa Fe has applied to the Federal Court in Topeka, Kas., for an injunction prohibiting the Western Union Telegraph Company from refusing to accept its message.

State of the Brighton Yards.
St. Paul, Minn., August 5.—The purchase of the new Brighton stock yards has been concluded by the Minnesota Transfer Railway Company. The purchase price is \$200,000. The new owners of the property ordered extensive improvements to be made. The charter has been amended so as to permit the transfer company to engage in such business as is contemplated by the new purchase. The improvements will be made in good working order in time for operation this fall. The \$200,000 stock has been sold to members of the Minnesota Transfer Railway, and now all the Twin City railroads belong.

All Arrived Safe and Happy.
The daily general passenger agent of the Lake Erie & Western, received a telegram from Bert Sellers, in charge of the excursion trains, this morning. Mr. Sellers says that the last section arrived at Niagara Falls and was unloaded before 9 o'clock this morning. The trip was made by all the trains without accident or delay at every one on the train. Mr. Sellers's dispatch says, is happy. The weather at the Falls is delightful.

Excursions Bulletin.
The Pennsylvania will have another excursion to Atlantic City August 10. The Cincinnati, Hamilton & Dayton will run two excursions to that point, one August 9 and the other August 10. The Cincinnati, Hamilton & Dayton and the Indiana, Decatur & Western combined will run an excursion to Niagara Falls August 10.

A Small Freight Wreck.
A fast freight train on the Lake Erie & Western yesterday struck a horse on the bridge at Alexandria. The animal was thrown from the bridge and landed on a frog, throwing itself into the track. Some of the cars were badly smashed and the track was blocked for some time, but no one was injured.

Brice to Buy Ohio Southern.
Springfield, O., August 5.—It is stated here on good authority that Senator Brice, his agents, will buy the Ohio Southern railway when it is offered for sale on August 20. It is added that this will be in pursuance of the resolution formed by Brice several years ago to build up a big railroad system.

Railroad Notes.
There is talk of either the Chicago Great Western or the Illinois Central entering Omaha.

The Board of Legislation at Cincinnati has passed a bill that practically prohibits ticket brokers from doing business in that city.

W. H. Mahfield, superintendent of the Indianapolis terminal, has been ordered to place in order to handle the Pullman sleeping cars. The cars will be placed in the yard and watered from stand pipes being erected.

Ancient Bismarck Memorial Celebration.

To the Editor of the Indianapolis News:
The reports published that the Bismarck Memorial celebration in Mannerhall on Wednesday evening, called for the purpose of making arrangements for a public demonstration in honor of the dead statesman, Bismarck, lay particular stress on the fact that every German organization was represented except the German Club, the largest social organization in our city. In order to explain the position of myself and many of my friends who held the same views as I do on this matter, I present the following facts to the public:

As an American citizen, though of German extraction, I am proud as any one, I consider it a breach of faith with our countrymen, not an unforgotten, publicly to endorse a foreign statesman who has done so much in life to promote the principles of monarchy in its fullest sense, and who never hesitated to employ all means, foul or fair, at his command to gain this end.

Such action must be condemned by every liberty-loving American citizen, if he desires to be at all consistent with his avowed pretensions of his love for free institutions, and if at all cognizant of his duties as such. We should not countenance proceedings such as the Bismarck men would peacefully drive a pile, and while they drove a second one into the water, to which we had sworn allegiance, bank with their cross-cut saw and cut the first pile. As a result, this was an endless chain of action likely to keep the Bismarck men on duty indefinitely.

John H. Batts, Jr., general manager of the Washburn, is visiting his former home in Cincinnati. Mr. Batts lived in Cincinnati for many years, and was a prominent citizen. He is now in Cincinnati on business.

George Sawyer, chief clerk to the general freight agent of the Cincinnati, Portsmouth & Erie, is taking his vacation in the mountains.

J. M. McConnell, for several years traveling passenger agent of the Peoria & Eastern, has resigned. He is succeeded by C. A. Johnson, transferred from the freight department.

APPEALS TO THE TAX BOARD

ITS SESSION RESUMED FOR THE
HEARING OF THEM.

A Wealthy Widow Objects to a Knox County Assessment, Saying that Her Residence is Now in Philadelphia.

The State Board of Tax Commissioners to-day resumed its second sitting for the consideration of appeals from county boards of review. During the day a large number of appeals, and of them from the counties, were heard. After the cases pending have been heard, the board will take them up, and will announce its decision in all the cases at the same time.

The question as to how building and loan stock shall be assessed was raised by W. P. Rogers, of Bloomington, who appealed from the Monroe county board. It is understood that the board will decide on the building and loan appeals will grow a suit, in order that the Supreme Court may have opportunity to pass on all the phases of the controversy. The assessment is for Indianapolis associations to begin proceedings as soon as the decision of the State board is announced.

Mary Ginn, a wealthy widow, who formerly lived in Knox county, was before the board appealing from the board of review. She did not return any property for assessment in Knox county, asserting that last March she moved her permanent residence to Philadelphia, and she exhibited documentary evidence that she returned in Philadelphia \$18,000 for taxation. The Knox county board held that she was still a resident of that county, and assessed her on \$30,000. It was brought out in the testimony that last year the Knox county board raised her assessment to \$15,000, and that the rate in Philadelphia is 40 cents on the \$100, while in Knox county it is \$2.50 on the \$100. The question in question consists of notes for money lent in Knox and adjoining counties.

Among the other appeals heard were those of the First National Bank of Bloomington; John Wilhelm, of Knox county; W. T. McGee, of William A. Newton county; Eugene Park, of Newton county, and Paul Wiseman, of Newton county.

Next week several appeals from Marion county will be heard.

PILE-DRIVING CONTROVERSY

Amicably Settled—Was Exciting While It Lasted.

Attorney Fields of Chicago, counsel for the Monon, with the consent of the board of this city, and the attorneys of the Indianapolis Water Company, asked Judge Harvey, this morning, to come to court long enough to hear a few words about the trouble over driving piles into the canal at Broad Ripple. It took only three or four minutes to show the court that there were not any differences of moment between the contending parties, and that the Water Company simply sought to know what the railroad company is up to. Attorney Fields explained that new piles were to be driven for the bridge over the canal, and that the old ones could be removed, and that it was not the railroad company's intention to leave both the new and the old ones in the canal. So the opposing parties drew up an order of the court satisfactory to them both, and Judge Harvey signed it, leaving any legal question to be settled in September.

The marshal of the town was unduly disturbed. The trouble was an unbroken and unbroken break in the long period of peace, he thought, which had existed since he was elected. He was in favor of arresting the whole company of railroad men and putting them in the lock-up, but no excuse was given for his action.

The railroad men would peacefully drive a pile, and while they drove a second one into the water, to which we had sworn allegiance, bank with their cross-cut saw and cut the first pile. As a result, this was an endless chain of action likely to keep the Bismarck men on duty indefinitely.

John H. Batts, Jr., general manager of the Washburn, is visiting his former home in Cincinnati. Mr. Batts lived in Cincinnati for many years, and was a prominent citizen. He is now in Cincinnati on business.

George Sawyer, chief clerk to the general freight agent of the Cincinnati, Portsmouth & Erie, is taking his vacation in the mountains.

J. M. McConnell, for several years traveling passenger agent of the Peoria & Eastern, has resigned. He is succeeded by C. A. Johnson, transferred from the freight department.

Albert Gall, chairman of the Knights of Pythias committee on decorations, makes an appeal, through the members of his committee, to have the city thoroughly and handsomely decorated for the encampment during the week of August 22. The committee will not be called together for the reason that it is not expected to undertake any special decorative work at the expense of the encampment fund. The decorating is asked at the hands of the citizens and private residents, and is especially hoped that all the downtown stores and the residences along the line of march of Tuesday's parade will be decorated. The colors for the order are red, yellow and blue. Flags containing the emblems of the order can be obtained at a number of stores in the city. The committee suggests, 121 South Washington street, the portrait of Justus H. Rathbone, founder of the order, be used in windows. These portraits can be obtained through Frank Flowers, secretary of the executive committee. They are being sold for the benefit of the estate of the deceased founder of the order.

Secretary Bowser has asked the co-operation of the business men of the city in advertising the encampment. He suggests that they might add a line in reference to the encampment at the bottom of their regular display "ads" in the daily papers.

BREAD FOR THE UNIVERSE

FRIDAY'S MARKETS IN WHEAT, CORN AND OATS.

Live Stock and Provisions—Speculative Opinion—Brokers' Consensus—Indianapolis Jobbing Prices.

Wheat men get some comfort out of the Broomfield cable to-day, which reads: "Our reports that stocks of wheat in southern Russia are practically exhausted have been confirmed. Rostoff and Manjip, southern Russia and the low valley of the Don report damage crops from recent rains. The day is feeling the influence of the closing Liverpool cable, which is 1/2 to 3/4 higher than yesterday. Receipts of wheat continue small, farmers evidently holding back. The receipts to-day at Chicago, Toledo, Kansas City and the Northwest are only 402 cars, against 1,000 cars for the corresponding date in 1915. The weather forecast is generally favorable to crops, the showers being followed by warmer weather.

Wheat.

(Ware & Leland's Circular.)

All reports indicate that the world's visible supply of bread per capita was never higher than in July. The Liverpool Corn Trade News estimated the growing crop of wheat in the world to be 1,200,000,000 bushels, or 120,000,000 bushels more than last year. This was based on estimates that France and America each would grow 200,000,000 bushels more than in 1915; that Roumania, Italy, Spain and Great Britain would grow about 200,000,000 bushels more than in 1915; and that the United States would grow about 200,000,000 bushels more than in 1915. The weather forecast is generally favorable to crops, the showers being followed by warmer weather.

Grain Notes.

(By C. D. W. Wines.)

Chicago: Without being an excited or a big market, there has nevertheless been a good corn trade and higher prices. The country has done practically no selling, either of cash or futures. There continues to be a steady demand and the market is responding to the large contracts this week about 2,000,000 bushels of corn. May is increasing its premium. The large clearances and very small receipts this week are a reflection of the increase of one-half to three-quarter million bushels. Last year the visible decreased 1,000,000 bushels. Chicago: Oats have been firm, with trade light. The people in the pit think the country is not in a position to buy. Cash strength has been the feature. No. 2 white, old No. 2 white, and old No. 2 white have received September price. In three days of Liverpool has received 432,000 bushels of wheat, of which 120,000 bushels were American, and in six days 160,000, of which 120,000 bushels were American. The weather map shows rains in all the spring wheat States, Dakota, Minnesota, Wisconsin, Nebraska. It is warm and clear in Kansas, Missouri, Illinois, Indiana and Ohio.

Primary Markets.

Primary market receipts of wheat were 41,000 bushels, of which 37,000 bushels corresponded day of last year. Minneapolis received 85 cars wheat and 2,000 cars of old No. 2 white, against 201 cars the corresponding day of last year. St. Louis: Receipts—Wheat 60,000 bushels, corn 35,000 bushels, oats 10,000 bushels. Shipments—Wheat 10,000 bushels, corn 4,000 bushels, oats none. Toledo: Receipts—Wheat 30,000 bushels, corn 10,000 bushels, oats 1,000 bushels. Shipments—Wheat 10,000 bushels, corn 4,000 bushels, oats none. Chicago: Receipts—Wheat 10,000 bushels, corn 10,000 bushels, oats 1,000 bushels. Shipments—Wheat 10,000 bushels, corn 4,000 bushels, oats none. Estimated receipts at Chicago: Wheat 12,000 bushels, corn 40 cars, oats 200 cars, hogs 120 head. Omaha received 4,000 head hogs and Kansas City 4,000 head hogs. Exports of wheat and flour were: Wheat 45,000 bushels, flour 42,000 bushels, soybeans 10,000 bushels, wheat 44,500 bushels.

The Bucket-Shop Victim.

(Chicago Journal.)

The bucket-shop victim is a hopeful wretch. He pursues his hollow object with the devotion of a man to his drug. But he rarely gains it. Sometimes he wins a small sum, and the proprietor always knows that he will come back with a total of 10 cents, against the corresponding day of last year. Brokers' Gossip.

(By L. W. Lott's Wire.)

New York, August 5.—The London market for Americans continues to be flat, stable and unprofitable. The disposition of the foreigners seems to be to sell our securities, and the disposition of the Americans seems to be to buy our securities. The fact that banking houses in London are anxious to find some means to partially offset the importations of gold to this country, is a fact that is being taken into account by the market. The market is feeling the influence of the closing Liverpool cable, which is 1/2 to 3/4 higher than yesterday. Receipts of wheat continue small, farmers evidently holding back. The receipts to-day at Chicago, Toledo, Kansas City and the Northwest are only 402 cars, against 1,000 cars for the corresponding date in 1915. The weather forecast is generally favorable to crops, the showers being followed by warmer weather.

Protection for Northern Cattle.

(By F. W. Lott's Wire.)

At Ft. Worth, Tex., 30 head of Texas cattle have been dipped, and are now being used in Illinois in an exposure test to determine if the destruction of the Southern fever tick, by dipping with a compound of kerosene and lime, will be the best method. The test is being conducted under the supervision of the United States Department of Agriculture. The weather forecast is generally favorable to crops, the showers being followed by warmer weather.

CLOSE OF THE CONVENTION

REPUBLICANS PLEASED WITH THE
TWO DAY PLAN.

Completed State Ticket—Three Su-
preme Judge Candidates Last to
be Named—Judge Baker's In-
terest in His Son's Success.

The Republican State convention com-
pleted its work at 5:30 o'clock yesterday
afternoon. While the vote on the last
ballot was being summed up the dele-
gates stood and sang "Marching Through
Georgia" and "There'll Be a Hot Time
in the Old Town To-night." The last act
of the convention was to give three cheers
for McKinley. The party managers were
pleased with the two-day plan, and said
that the party will never again attempt
to crowd the work of a State convention
into one day.

The complete ticket nominated is as
follows:

Secretary of State—UNION BANNER
HUNT, Winchester.

Auditor of State—WILLIAM H. HART,
Frankfort.

Treasurer of State—LEOPOLD LEVY,
Huntington.

Attorney-General—WILLIAM L. TAY-
LOR, Indianapolis.

Clerk of the Supreme Court—ROBERT A.
BROWN, Franklin.

Superintendent of Public Instruction—
FRANK L. JONES, Tipton.

State Statistician—JOHN B. CONNER,
Indianapolis.

State Geologist—WILLIS S. BLATCH-
LEY, Terre Haute.

Judges of the Supreme Court—
Second District—ALEXANDER
DOWLING, New Albany.

Third District—JOHN V. HADLEY,
Danville.

Fifth District—FRANCIS E. BAKER,
Goshen.

After nominating W. S. Blatchley for
State Geologist, the convention named
three candidates for Judge of the Su-
preme Court. Blatchley received 1,240
and E. M. C. Hobbs 378 of the 1,618 votes.

Nominating the Judges.

Two ballots were required to name a
candidate for Judge of the Supreme
Court from the Second district. The can-
didates were Alexander Dowling, of
Floyd county; Oscar H. Montgomery, of

both of them. He is not quite forty
years old, and his friends say he is a
student and a hard worker.

John N. Baker, the nominee for judge
from the Third district, is the circuit
judge before whom the celebrated Hin-
shaw case was tried, and Union B. Hunt,
the nominee for Secretary of State, was
one of the attorneys for Hineshaw, and
is still hopeful that time will prove the
innocence of his client.

Judge Baker's Interest.

Few persons were on the stage when
the last nomination was made. Among
the number was Judge John H. Baker,
of the Federal Court, interested in the
success of his son. There was a look of
anxiety on the judge's face when the
clerk began calling the roll of counties,
but it soon gave way to one of pleasure
and satisfaction, as county after county
gave his son its votes. Before the call
of counties was completed it was evi-
dent that the son of Baker would be
nominated and the father's face fairly
beamed. "That's a fine picture," said a
man who sat on the stage. "One can
read the old judge's thoughts—pride of
himself, and proud of his son; one a
United States judge and the other nomi-
nated to fill a place on the highest court
in the State."

MUCH STREET WORK THIS YEAR.

A Remarkable Amount, Board of
Works Members Say.

An unusual amount of street work is
to be done this year. Members of the
Board of Public Works say that at the
present rate it will be only a few years
until all the streets and alleys of the city
of any importance will be paved with
either asphalt, brick or wood, and most
of smaller importance will be gravelled
and have either cement or brick walks
running along their edges. So far this
year about 7,000 feet of paving has been
put down. Mr. Downing, president of
the board, says that the best and busiest
time of the year for making improve-
ments is yet to come. In former years
the contractors have worked until well
into November, and they expect to do
so again this year. The 7,000 feet of ma-
terial for the year is only a small part
of that in contemplation for the year. The
contracts for several times this amount
have been let, and the board has ap-
proved of the plans to pave about as
much more for which contracts have not
yet been let. First among the streets
every day, and members say that in
all sections of the city the work of
good streets seems to be absorbing
the attention of property owners. So
long as there is no feeling what the street
and alley improvements in Indianapolis
for this year will amount to in dollars
and cents. Mr. Downing said, "I have
been driving about the city lately, and
the amount of this kind of work in
progress and contemplation would be
alarming if any one section of the city
had it all to pay for. In the north
part of the city, particularly in the neigh-
borhood of Fall creek, the year will make
a great showing in street improvement
work. By the way, there were not
much new material down on the streets,
and the pavements of many of the older
streets will have been extended."

Moonshine Whisky at New York.

New York, August 5.—For over two
months Colonel Williams, the chief in-
ternal revenue agent of this district, has
been watching a vinegar factory in
Brooklyn and a yeast manufactory in
New York, for the purpose of securing
evidence of the manufacture of illicit
whisky. This work has resulted in the
arrest of three men, the seizure of twenty-
seven barrels of whisky and the closing
up of the yeast manufactory. The
illicit whisky was made by the internal
revenue officers, was made at the Brooklyn
must vinegar-works. It has been the cus-
tom to deliver every day to New York
two horse trucks, twenty to twenty-five
barrels at a time, and usually two loads
were delivered every day. The other al-
leged illicit concern is known as the
Manhattan Yeast Company.
